THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at The Town Hall in said Hollis on Tuesday the sixth day of March, next at 7:30 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the Year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear the reports of the Selectmen and other town officers and committees.
4. To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the town will vote to accept state aid for the construction of Class V roads and appropriate the sum of \$1,264.58 to pay the town's share.
6. To see if the town will vote to allow withdrawal of \$3,000.00 from the cruiser capital reserve fund.
7. To see if the town will authorize the Selectmen to expend the funds from the cruiser capital reserve fund toward the purchase of a cruiser.
8. To see if the town will vote to raise and appropriate the sum of \$5,000.00 to be placed in the capital reserve funds toward the purchase of a fire truck.
9. To see if the town will vote to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds of the town's shed.
10. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be placed in the capital reserve funds of the fire house.
11. To see if the town will vote to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds to be used to provide a more adequate Selectmen's office.
12. To see if the town will vote to raise and appropriate the sum of \$3,000.00 to be placed in the capital reserve funds to be used toward the purchase of a grader.

13. To see if the town will vote to raise and appropriate the sum of \$3,000.00 to create a capital reserve fund for a loader.

14. To see if the town will vote to raise and appropriate the sum of \$10,000.00 to be placed in a capital reserve fund for use in a solid waste disposal project.

15. To see if the town will vote to authorize the Selectmen to expend the funds from the solid waste disposal project.

16. To see if the town will vote to authorize the tax collector to accept prepayment of taxes in multiple of \$10.00.

17. To see if the town will vote to raise and appropriate the sum of \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for forest fire roads.

18. To see if the town will vote to raise and appropriate the sum of \$3,000.00 to be given to the Merrimack Valley Home Health Care Association, Inc.

19. To see if the town will vote to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua.

20. To see if the voters will approve the designation of North Pepperell Road and Flagg Road as scenic roads as defined by State Law.

22. To see if the voters will approve the designation of South Merrimack Road as a scenic road as defined by State Law.

23. To see if the voters will approve the designation of Wheeler Road and Hardy Lane as scenic roads as defined by State Law.

24. To see if the town will vote to authorize the Selectmen to appoint a cemetery commission to supervise the care of the cemeteries, parks, and playgrounds.

25. To see if the town will vote to transfer \$14,225.00 and interest present in the revenue sharing fund to general fund to be used for Police Department.

26. To see if the town will vote to expend the 1973 revenue sharing funds in the fire department.

27. To transact any other business that may legally be presented at this meeting.

POLLS WILL NOT CLOSE BEFORE 7:00 P.M.

ARTICLE 2-27 will be voted on March 9, 1973 at 7:00 P.M. in Walters Auditorium at Hollis High School.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and seventy-three.

September 12, 1972

Selectmen of Hollis
c/o Frank Whittemore, Chr.
Hollis, New Hampshire 03049

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1972 taxes on the basis of the following figures:

Net Assessed Valuation	\$22,755,085.00
Taxes Committed to Collector:	
Gross Property Taxes Assessed	\$ 978,468.65
Less: Est. War Service Tax Credits	<u>12,050.00</u>
Net Property Tax Commitment	\$ 966,418.65*

Tax Rate	4.30
----------	------

*The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section we have enclosed a copy of the changes. Revenues and credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school and county are as follows:

Net School Appropriation	\$880,342.31
County Tax Assessment	37,723.04

In arriving at the above approved rate of Overlay has been set in the amount of \$6,815.03.

Very truly yours,
Wallace W. Jones
Commissioner

POLICE DEPARTMENT REPORT

The past year has seen some changes in the police department, with a new, full time Chief of Police and Patrolman. A part time clerk-typist has proved to be helpful to the department.

There has been a decrease in the number of crimes committed and accidents reported to the police department. The decrease is due to the fact that the department has a staff of special officers who have given many hours to patrolling and helping with investigations without cost to the town.

The department sought and received federal funds which enabled the Chief and Patrolman to attend and complete courses in Law Enforcement without cost to the town. The Cadet program was continued and proved to be very successful. It is anticipated that the new year will bring more federal programs to Hollis.

As far as priorities are concerned, the police department recognizes that adequate protection to and service for the community requires that our special officers be utilized to a fuller extent. Two men cannot undertake to accomplish all the duties incumbent on the police department in a town the size of Hollis.

It is thought that the Town of Hollis has been progressive in its police department in the past year. It is further anticipated that the next year will bring significant dividends to the citizens of Hollis who have thought enough about their security to provide themselves with progressive law enforcement.

Paul A. Bosquet
Chief of Police

1972 HOLLIS FIRE DEPARTMENT REPORT

With a Little Bit of Luck and You!

1972 records reflect a greater effort toward fire prevention by the Fire Department and by you. Several incidents have been reported that could have developed into a home fire; except for a bit of luck. How should we live in '73? Will we rely on luck or will we take measures to prevent the destruction of our homes and families? Fire is a failure; a failure to eliminate fire hazards. The Fire Department will try to continually inform you of these fire hazards. It is your job to remove these hazards from your home, and prevent your fire. Remember, in the U.S.A. a home burns every minute of every day.

If you should have a fire or first aid emergency, we must be able to find your house quickly. Because of the town's growth, we no longer know everyone. This has become a problem of great concern to the Fire Department. PLEASE, post your house number where it is readily visible to an approaching vehicle, and use your house number when reporting an emergency. For house number information call Henry Hildreth 465-2253.

Although the town has grown substantially, the number of men of the Fire Department has not. Our daytime men have been more available through the use of pager radios. The modern equipment purchased in recent years has enabled the department to operate efficiently without increasing the size of the roster. Most fire department members are trained in first aid and at least half in rescue. Two men have received Emergency Medical Technician training at Harvard and 9 more are scheduled for similar training this year. Five firemen have trained more than 100 citizens in The Multi-Media Standard Red Cross Course. Several men and junior members received training in fire fighting at Laconia and Fitzwilliams Fire Schools the state fire service training program has also been used. Two officers attended a weekend training seminar in fire ground tactics. The Hollis Fire Department is a call department. Its members are ordinary citizens of our community, who leave their regular work to respond to your emergency. Their time at training is voluntary.

The following report does not show the total number of calls received, as some were for general information. These calls should be directed to the Department Officers listed in the telephone book under

department information. Even more serious is the problem of children playing with the telephone and either intentionally or accidentally dialing the emergency number. These calls cannot be disconnected until a telephone co-worker is located and travels to the dial office to release the emergency number. During this time it is impossible for anyone to report an emergency.

1972 Fire Department Calls

1973's record is up to you!

Richard Navaroli,
Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned - 1972 season:

State -	410 fires	361 acres burned
District -	79 Reported	45¾ acres burned
Town -	9 Reported	7¾ acres burned

Winthrop H. Hannaford
District Chief

Richard Navaroli
Forest Fire Warden

CIVIL DEFENSE REPORT

1972

The big news for 1972 was the acquisition of two military vehicles under a Federal/State Surplus Property Program at no cost to the town. An Army jeep came from Fort Devens and is assigned as an emergency vehicle to the Police Department. Despite earlier mechanical problems and a questionable paint job, this vehicle will soon be operational complete with metal cab, heater and decorated in true "police blue". The other vehicle, a 2½ ton truck from Portsmouth Navy Yard, was given to the Fire Department. In a very short time and through extraordinary efforts by members of the Fire Department, the truck was converted to a 1200 gal. water truck with a 150 gal. per min. pump contributed by the Town Highway Department. Its color is "fire red" and has backed up several fires in 1972.

Under a new NH National Guard Community Service Program the guard has visited Hollis twice and has performed much needed maintenance on all our ex-military vehicles. This promises to be a continuous program.

In March I was flattered to be one of only 20 CD Directors in the State to be invited to a seminar at the NE Conference Center in Durham. We met with top Federal and State CD officials and all expenses were paid for by the State. The general purpose was to discuss mutual planning, organization and resources.

In May I attended a seminar on Emergency Preparedness in Dover. The major highlight was a very realistic disaster exercise testing the city's police/fire departments and the Dover hospital in responding to a severe school bus accident.

Federal/State funds continue to be extremely low but our support remains excellent. Even the FAA promises me it will try to stop the recent influx of low flying military cargo planes over the center of town.

Lincoln F. Brigham
Director

1972 ANNUAL REPORT

TOWN FOREST COMMITTEE

A major modification occurred to the Big Dickerman Lot when Hayden Road was straightened and widened. Approximately one-half acre of Town Forest land was lost in this operation. In this instance this was the best route for the project, and did in fact relocate the road further away from Toddy Brook. Diligence on the part of all citizens must be forthcoming to insure that this does not become a precedent for further in-roads of town lands as the cheapest and most expedient way to accomplish objectives.

1,000 cubic yards of sand and gravel were mined, for road building material, from a borrow pit reactivated on the Big Dickerman lot. The crevasse filling forming the ridge the pit is located in will continue to be mined until it is brought to a grade consistent with the surrounding topography. This will greatly facilitate access, future forestry cultural and harvesting activities and improve site index by reducing soil moisture deficiencies.

Forestry activities during the past year were a commercial thinning and releasing operation conducted by H. Parkhurst in the Four Corners and Dunklee Dam areas, and a salvage operation on the Hayden Road right-of-way.

Revenues generated by the Town Forest during 1972 are as follows:

Stumpage (standing timber)	
H. Parkhurst	19 Mbf @ \$16/Mbf — \$304
Hollis High School	16.25 Mbf @ \$16/Mbf — \$260
Gravel	
Town of Hillis 1,000 cu. yd.	@20¢/cu. yd. — \$200
Total — \$764	

A beaver control device, to control water level above a beaver dam, was installed twice in Parker Pond to prevent flooding of such rare plants as sundews, rose pogonia and calapygon. Our efforts were thwarted by the beavers on our first attempt and it was necessary to reinstall the device.

The Town Forest is now listed in the New England Register of National Areas. Those who are interested in learning what is ecologically and geologically unique about our Town's Forest are invited to query members of the Committee who will be glad to tell you, among other things, to take a hike—in your Town Forest, naturally.

REPORT OF THE RECREATION COMMISSION

Participation in recreational programs continues to be on the increase this year. The Commission has sponsored programs for individual recreation through local organization for lessons in swimming, tennis and skiing; winter sports equipment sale and co-rec volleyball.

Team instruction and competition programs have been expanded with 4 Major and 2 Farm Little League baseball teams. The summer outdoor basket ball league under the direction of David Cook was expanded to 4 High School teams and 3 Jr. High Teams. The Babe Ruth Baseball teams entered a small town league and enjoyed a rewarding year. Saturday morning basketball was conducted for boys grades 5-8. The programs were successful thanks to the many volunteer leaders.

The base work for the quarter mile track has been completed and hopes are high for having it furnished in the up coming year. The Commission endeavors to upgrade recreation in keeping with the growing community.

Gerald Wilkins, Chairman
Recreation Commission

HOLLIS CONSERVATION COMMISSION

1972 Progress Report

In 1972 the Commission acquired 32.6 acres of the Spaulding property for the town. This property is adjacent to the elementary and middle schools as well as to HCC land already held on Beaver Brook, and will be used as a nature study area as well as for preserving a valuable wetlands area. Fifty percent of the purchase price came from town funds appropriated to the Commission. The other fifty percent came from Federal matching funds through the Bureau of Outdoor Recreation's Soil and Water Fund administered through the N. H. Office of State Planning.

Costs of surveying and appraisal required for Federal funding were covered by a grant from the Ford Foundation engineered by the New Hampshire Association of Conservation Commissions.

This valuable addition was made possible due to the farsightedness of the townspeople in appropriating monies and passing legislation enabling the town to become eligible to receive these matching funds. In February of last year a well-attended snowshoe hike was held for the public to inspect this property.

April 15th members of the HCC and the Hollis Garden Club helped the 5th and 6th grade Civic's Club and their teachers organize and carry out the Annual Hollis Clean-Up Day. The same day, volunteers from the HCC, students and other townspeople assisted Mrs. John McLaughlin, the Hollis High School biology teacher, in her recycling project by loading bottles and aluminum cans in trucks donated for the occasion and taking them to recycling collection centers. The elementary students, the teachers and the townspeople should be commended on their great efforts and cooperation in making Hollis a clean and beautiful town.

May 4th through 6th members of the HCC, high school students, teachers from both schools and other conservation-minded citizens took turns manning a HCC booth at the Nashua Mall, where the Nashua Conservation Commission held a Conservation Fair, inviting all neighboring conservation commissions and nature groups to participate.

October 14th, the New Hampshire Forestry and Wildlife Field Day was held at Beaver Brook in Hollis. Members of the commission and interested citizens were trained to act as field guides for that day, when

all the public was invited to learn about forestry and wildlife management. October 16 through 20, 5th through 8th grade children throughout the state were invited to visit Beaver Brook. Almost 5000 children signed up, though only half that number could be accommodated. Our local children were able to take advantage of this valuable education experience.

During the year, members of the HCC attended the various conservation-related meetings in Hollis and other neighboring towns, including the Nashua River Watershed Association meetings and the annual meeting of the N. H. Association of Conservation Commissions.

1972 HOLLIS HEALTH REPORT

During the year 1972, many complaints were handled by the health officer. A problem that, still has not been properly solved, but I understand it will be, is the lack of a good water system at our high school.

Again this past year, flies were a big problem to many residents and the control of these pests is more difficult because of the new pesticide control laws which have taken some of the most effective pesticides off the market.

Many water samples were taken this past year to insure good safe drinking water for families involved.

A new sanitary land fill dump is in the making but I do not have all the details at this time. This new sanitary land fill dump will have to be in use on or before July 1, 1974.

Proper sewage systems are a must if we are going to safeguard our community against any contamination coming from poor or improper drainage. Any property owner who has or knows of a sewage problem should take it upon himself to take care of the problem or call the health officer and report such problems. If a new system is required, a permit must be obtained from our local building inspector to insure that the new system will be proper and adequate.

Robert F. Sundstrom
Hollis Health Officer

PLANNING BOARD ANNUAL REPORT

The Planning Board has had a very active year, holding 17 meetings, particularly concerned with reviewing division and subdivision plans. The Comprehensive Plan Soils Map completed in 1971 have been most useful as a base for review of submitted plans. Fifty six applications for simple division of land, 4 applications for subdivisions were approved during the year, for a total potential of 108 new homes. Three additional subdivision applications with a total potential of 33 homes were under review at the end of the year.

A geographical survey of the town was completed by Richard Hardy, in search of potential sanitary land fill sites. Two sites have had on-site investigation for possible application. Major efforts will be initiated in the spring for resolution of feasibility of these sites by means of engineering surveys, test borings, etc. The present town dump must be phased out by July 1, 1975 in accordance with state law.

Property map effort is continuing under the very major efforts of A. Chandler and F. Gemmill. The Town has been divided into twelve map areas. Property outlines are being entered based on deed description and field work. Over 50 percent of the total land area has been plotted.

A request for expansion of town center parking facilities has been received. Preliminary plans have been developed and interest will be determined at the town meeting.

The board has not expended significant funds during the year. However, in anticipation of sanitary land fill plans it is expected that major expenditures will be required during 1973, 1974, and 1975 as noted elsewhere in the Town Report. The use of Revenue Sharing Funds for the engineering survey has been proposed to the Selectmen.

Meetings for 1973 will be held on the 3rd Monday of each month in the Town Hall, starting at 7:30 p.m. All regular meetings are open to the public. The board recommends any property owner concerned with changes in land use, or proposed subdivisions or divisions, review his plans with the Board in advance.

ANNUAL TOWN MEETING – MARCH 7, 1972

The meeting was opened by Moderator Protem Herbert Higginbotham at 9:00 A.M. for voting under Article 1, to choose all necessary Town Officers for the year ensuing. Voting was also held for the Presidential Primary. The polls closed at 7:40 P.M. The business meeting was called to order in Walters Auditorium by Moderator Higginbotham at 8:25 P.M. Invocation was by the Moderator.

ARTICLE 2 – Selectmen Ralph Hardy went over the Comparative statement and also the budget item by item. Action on this article was passed until all other articles were acted on.

ARTICLE 3 – Motion by John Graney to amend the report of the Building Inspector in regards to a permit for a garage to Peter W. Bell.

Motion by Ralph Towne that this amendment is out of order. Seconded, Carried.

Motion by Lincoln Brigham to accept the reports of the Selectmen and other Town Officers and Committees as printed in the Town Report. Seconded. Carried.

ARTICLE 4 – Motion by David Jeynes to authorize the Selectmen to borrow money in anticipation of taxes. Seconded, Carried.

ARTICLE 5 – Motion by Elwin Hardy to accept State Aid for the construction of Class V roads and appropriate the sum of \$1,277.77 to pay the town's share. Seconded, Carried.

ARTICLE 6 – Motion by Fred Pitman to allow withdrawal of all funds from the cruiser capital reserve fund. Seconded, Carried.

ARTICLE 7 – Motion by Fred Pitman to authorize the Selectmen to expend the funds from the cruiser capital reserve fund towards the purchase of a cruiser. Seconded, Carried.

ARTICLE 8 – Motion by Kenneth Towne to raise and appropriate the sum of \$4,000 to be placed in the capital reserve funds to be used towards the purchase of a fire truck. Seconded, Carried.

ARTICLE 9 – Motion by Jack Boyd to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds of the town's shed. Seconded, Carried.

ARTICLE 10 – Motion by Roy Wilkins to raise and appropriate the sum of \$1,000 to be placed in the capital reserve funds of the fire house. Seconded, Carried.

ARTICLE 11 – Motion by Fred Gemmill to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds to be used to provide more adequate Selectmen's office. Seconded. Carried.

ARTICLE 12 – Motion by John Doveas to raise and appropriate the sum of \$1,500.00 to be placed in the capital reserve funds to be used towards the purchase of a police cruiser. Seconded. Carried.

ARTICLE 13 – Motion by Kurt Olson to raise and appropriate the sum of \$2,000.00 to be placed in the capital reserve funds to be used towards the purchase of a grader. Seconded. Carried.

ARTICLE 14 – Motion by Ben Hogan to authorize the tax collector to accept prepayment of taxes in multiples of \$10.00. Seconded. Carried.

ARTICLE 15 – Motion by William Davis to raise and appropriate the sum of \$25.00 to be expended in co-operation with the New Hampshire Forestry and Recreation Commission for forest fire roads. Seconded. Carried.

ARTICLE 16 – Motion by Roland Schellenberg to raise and appropriate the sum of \$1,500.00 to be given to the Merrimack Valley Home Health Care Association, Inc. Seconded. Carried.

ARTICLE 17 – Motion by Robert Gurrier to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua. Seconded. Carried.

ARTICLE 18 – To take the sense of the qualified voters whether the amendments of the Constitution proposed by the 1971 session of the General Court shall be approved. Motion by Howard Cole to lay this article on the table. Seconded. Not carried.

Motion by Elwin Hardy to approve the amendments to the Constitution. Seconded. Carried.

ARTICLE 19 – Motion by Elwin Hardy to designate Richardson and Van Dyke Roads as scenic roads as defined by State Law. Seconded. Carried.

ARTICLE 21 – Motion by Kurt Olson to increase the size of the Planning Board from present five members to seven members. Seconded. Carried.

ARTICLE 22 – Motion by Fred Pitman to reopen the discontinued section of Pound Road as an authorized town road to run westerly from Silver Lake Road towards Rocky Pond Road, approximately 500 yards. Seconded. Carried.

ARTICLE 2 — Motion by Ralph Hardy to amend the budget by increasing it by \$1,500.00. \$500 for the Cemetery fund and \$1,000 for general expenses.

Motion by Richard Navaroli for a second amendment to increase the fire department budget by \$1,432.50 for short wave equipment. Seconded. Carried.

Motion by Fred Gemmill to accept the first amendment of an increase of \$1,500. Seconded. Carried.

Motion by Ralph Hardy to accept the budget as printed and to include the two amendments just voted. Seconded. Carried.

Motion by Fred Pitman to recess the meeting until all the votes of the Presidential Primary and the Town election were counted. 11:00 P.M. Seconded. Carried.

The results of the balloting was announced and the meeting adjourned at 4:10 A.M.

A true copy of record — attest
Bertha E. Duncan, Town Clerk

REPORT OF THE BUILDING INSPECTOR

The following permits were issued during the year 1972.

- 53 Single Family Residences
- 10 Mobile Homes
- 13 Additions to Residences, including two Dorma Windows
- 10 Swimming Pools
 - 2 Porches for Residences
 - 6 Porches for Mobile Homes
- 5 Barns
- 1 Milk Room
- 1 Fruit & Vegetable Stand
- 1 Green House
- 4 Misc. Farm Buildings
- 12 Garages
 - 1 Car Port
- 10 Car Ports
- 10 Storages Buildings
 - 2 Permits to alter Roofs
 - 1 Addition to Commercial Garage
- 3 Signs
- 13 Permits to replace Leach Areas for Sewage Disposal Systems.

Single family residences and mobile homes combined increased by about the same number as single family residence alone in 1971, although percentagewise the increase was only about one-half as large.

It appears that higher taxes and higher land values together have caused more land to become available for home building in Hollis.

With family incomes increasing at a rate faster than prices in general, the outlook is for part of the increase in purchasing power to continue to go into homes and the land to build them on.

The estimate of cost of construction for new building in Hollis for 1972 amounted to about one million, eight hundred thousand dollars.

With a tax rate of forty-five dollars per thousand this would bring in new revenue of about eighty thousand dollars, or enough to maintain the present tax rate, providing any increase in town expenses could be held to about nine percent.

Clarence L. Howe
Building Inspector

HIGHWAY REPORT 1972

Again we of the Hollis Highway Department have tried to keep up with the requests made of us, but with not as much success as we had hoped for.

The Weather Man was not the least bit cooperative. The very wet year and the lack of available laborers when needed were two of the reasons for such a slow unproductive year, plus the very hard digging we ran into on our construction projects.

Grading did not seem to do as much good as usual because within a day or two more rain would come and the pot holes soon would be back.

Some widening was done on No. Pepperell Road, more should be done this year.

The special appropriation this year was to relocate the Beaver Brook bridge on Worcester Road but after a closer examination it was thought that the badly washed out and narrow bridge on Federal Hill Road known to some as Peacock or School House Hill was the more dangerous of the two. A six foot by twenty four foot culvert pipe was installed; some more work will be done to finish the job.

The usual amount of old stone culverts were replaced with pipe to make for a better drainage system.

This year as usual we resurfaced about one third of our paved roads, approximately ten miles with a saving of some \$1,000.00 for sand that we screened from a local pit instead of buying processed material, we hope to do the same this year.

About 3000 feet of new road was accepted into our highway system this year, namely, Winchester Drive off Pierce Lane and Fox Den Road off Laurel Hill Road after being constructed by the developer. We expect some 4000 feet will be accepted off S. Merrimac Road in 1973 which will bring our total mileage to nearly '65' miles of paved and graveled roads, which is taking more attention every year due to our population growth and transient traffic problems with very little change in the personnel of the department. It is of great concern to your Road Agent as to just how much can be done on time.

Town Road Aid project was to start rebuilding Hayden Road from Rt. 122. Approximately five tenths of a mile was completed, the very rough terrain made progress very slow. Relocation was necessary to improve drainage and vision and to improve the very icy conditions in the winter due to shaded spots.

Ice is our biggest problem in the winter because there is so little that we can accomplish until the storm is nearly over. The decision is then made, whether to and when to salt, sand, plow or all three and just when, so as to benefit the most people and the school busses. The number of available men at a time like this is very small resulting in a serious strain on our small department working around the clock. It can be very tiring after twenty-four or thirty-six hours, it is also dangerous for men and equipment.

It is hoped by us all that somehow, sometime in the near future an adequate work force will be acquired so as to make for a more efficient and effective Department.

Charles F. Dow
Road Agent

CEMETERY – PARKS AND PLAYGROUNDS

Sexton's Report

1972 was an extremely wet and difficult year to keep our cemeteries and parks and playgrounds in good order.

The help situation is a continual problem. A new fence was installed at the south yard. Brush was cut at Pine Hill but there is much more to be done. The hill on the backside of North Cemetery was bulldozed off so that more lots could be laid out. We have moved loam to the yard but still requires spreading.

Vandalism at the various yards is a serious problem.

The parks and playgrounds required more time than usual and still were not adequately cared for.

Ernest Pratt
Sexton

DOG OFFICER'S REPORT

The Dog Officer had 307 complaints in 1972. Restraining orders had to be issued in several cases. There were many that had to be disposed of.

Of the 417 phone calls, 21 were from out-of-state and several between 11 P.M. and 4:30 A.M.

347 dogs required attention.

Ernest G. Pratt
Dog Officer

BOARD OF ADJUSTMENT

REPORT FOR 1972

A number of cases came before the Board of Adjustment in 1972, and in several instances rehearings were requested and held. The following cases required decisions.

Hollis Recreation Commission: variance granted to remove loam from the recreation field.

P. Phelan: variance denied, to construct a second dwelling unit on a single dwelling lot.

W. Sanders: variance granted, with restrictions, to enlarge dwelling.

W. Riff: variance granted, with restrictions, to enlarge dwelling.

F. Pombrio: variance granted, with restrictions, to construct a carport.

R. Mitchell: variance denied, to build a house on less than four acres of backland.

R. Rado: variance denied, to build a house on less than four acres of backland.

R. Zabarsky: exception renewed for one year, with restrictions as in the original exception, to remove gravel.

P. Bell: variance, with restrictions, to construct a private garage on Proctor Hill Road. The decision was appealed to the Superior Court in October and at this date no decision has been handed down.

Actions of note: the board voted not to breach the four acre minimum on backland acreage, and to hold regular meetings, when cases are to be heard, on the third Friday of the month.

L.R. Winchester, Chairman
Board of Adjustment

AUDITOR'S REPORT

TOWN OF HOLLIS

Hollis, N. H.

We have examined the accounts of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees, Trust Funds, and all Special Reserve Funds for the year ending December 31, 1972, and find the receipts and payments correctly cast and properly vouched.

Edna Hills

Leonard White

Auditors

January 26, 1973

Board of Selectmen
Town of Hollis
Hollis, New Hampshire 03049

Gentlemen:

On the hundredth anniversary of the birth of Charles J. Nichols, members of the family wish to contribute \$10,000. to the Town of Hollis to establish a memorial fund to provide care and improvements for the two playing fields given to the Town many years ago by Charles J. Nichols. It is our intention to add to this fund from time to time until the total gift shall amount to \$25,000. A condition of the gift will be that the Town will in no event spend the principal of the fund and will agree to reinvest each year approximately one quarter of the income of the funds in order to provide a growing income over the years.

Sincerely yours,
Hollis P. Nichols

**OFFICE of SELECTMEN
TOWN OF HOLLIS
REPORT FOR 1972**

A review of events '72 would indicate progress in our efforts to maintain a normal growth pattern. We are very conscious of the importance good zoning plays as a basic tool for orderly growth. The active participation and understanding of the towns people is of the utmost importance in maintaining good zoning. We are subjected to external pressures that are not in the best interest of our community so we need and seek your help and guidance.

The Selectmen take particular pride in the accomplishments of the Planning Board and the Zoning Board of Adjustment. The time and effort extended by these people has and will continue to pay dividends to our town. As the pressures of growth in Southern and Central New England continue, it is impossible to over stress the necessity to retain the fine countryside atmosphere. We presently enjoy urban advantages in a suburban area. Later this year, some suggested changes will be presented to hopefully broaden and improve our zoning ordinance.

The greatest asset any community can have is its youth. Hollis is justifiably proud of its young people and it demonstrates its pride in the support of its schools with over 80% of its tax revenue. This past year was no exception when a new Middle School was voted and 83% of our revenue went toward providing a good education opportunity. A look to the future makes it imperative that this state enact legislation to provide broader tax base for the support of public education.

Local assessing is an area of constant change with new trends being set by inflationary pressures. The appreciation in real value far out weighs any depreciation that takes place. This is particularly true in value of the above average housing. House lot values continue rapid appreciation with location of lot becoming a greater factor in its value. This will have to be recognized in the very near future. The new homes under construction provide the assessors with a much broader perspective of value as they progress to completion.

A brief comment on the progress of our full time Police Department under the direction of Chief Paul Bosquet is in order. When the Town voted two years ago for better coverage and protection it presented a real challenge for those involved. There have been obstacles

to overcome as in the operation of any new venture, but the continued interest of our Police Force and the Citizenry is resulting in the development of a fine Police organization. Our Auxiliary, Special and Regular Officers look forward to any challenge that presents itself.

The Hollis Fire Department has continued its fine work in the area of Fire Prevention, First Aid and Rescue. We should all be grateful for the dedication we get from these men.

The Highway Department, as always, is looking ahead to provide good and safe roads for your travel. We continue to have serious problems in getting labor when we need it.

An area of particular concern at Town Meeting '73 will be the presentation of a new plan for Central Communications. The needs of Police, Fire, Civil Defense and Town Officers have put an intolerable burden on our present dispatching service.

Other events too numerous to mention provide your Selectmen with a busy schedule. We look forward to visits from residents with constructive criticism of our activities. Your suggestions and assistance make our efforts very satisfying.

Frank Whittemore, Chairman
Richard Walker
Fred Allen
Selectmen

STATE TAX COMMISSION
SEPARATE TAX RATES TO BE PRINTED ON 1972 TAX BILLS
(RSA 76:11, 11-a; 13)
TOWN OF HOLLIS

Unit of Government	Rates
Municipal	.31
County	.16
School	3.83
Combined Rate	<hr/> 4.30

RSA 76:11 provides for delivery of the list (warrant) to the collector within thirty days of receipts of approval of the tax rate unless for good cause the time is extended by the commission. The collector shall within thirty days after receipt of the warrant from the selectmen (assessors) send out the tax bills unless for good cause the time is extended by the commission.

RSA 76:11-a. Information Required. The tax bill which is sent to every person taxed, or his agent, if known, as provided in section 11, shall show the rate of municipal, school and county taxes separately. The 1972 rate breakdown reflects a proportionate share of the Reimbursement a/c Property Exempted by 1970 Special Session for each unit of government.

RSA 76:13 provides that if tax bills are mailed on or before November 1 interest is not charged if payment is made on or before December 1. However, if tax bills are mailed between November 2 and 15 inclusive, interest is not charged if payment is made on or before December 15. In the event that tax bills are not sent until after November 15 interest shall not be charged on taxes paid on or before December 30.

The tax bill which you mail must contain the date from which interest will be charged and this date is determined by the date you sent the last bill on the list committed to you. It is also required by statute that you notify this commission in writing of the date on which you send the last bill. There is enclosed a form for this purpose.

STATE TAX COMMISSION

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March 1973, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years.
4. To choose one Member of the School Board for the ensuing two years.
5. To choose a Treasurer for the ensuing year.

Given under our hands at said Hollis this 8th day of February 1973.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Walters Auditorium in said district on the fifth day of March 1973, at eight o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

3. To choose Agents and Committee in relation to any subject embraced in this warrant.

4. To see if the district will vote to authorize the School Board to make application for and accept on behalf of the school district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

5. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the district.

6. To see if there is any other business to come before said meeting.

Given under our hands at said Hollis this 8th day of February 1973.

SYNOPSIS OF SCHOOL MEETING

March 6, 1972

The annual meeting of the Hollis School District was held with approximately 100 people in attendance. The meeting was called to order by Dr. W. Boyd Weston, School District Clerk. Mr. Roger Hammond was elected to serve as Moderator Pro Tem. Prayer of invocation was given by Rev. Mitchell.

1. Voted to act on this article with Article V.
2. Voted to accept all reports as printed in the School Report.
3. Voted to pass over this article without action.
4. Voted to authorize the School Board to make application for and accept on behalf of the School District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.
5. Voted to raise and appropriate the sum of \$1,103,009.18 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the district.

The motion to adopt the articles was declared by the moderator to have been adopted in the affirmative. On a motion by Mrs. Colson, duly seconded, the meeting was recessed until after the close of balloting on 3/7/72.

A true record attest:

W. Boyd Weston
Clerk of Hollis School District

SYNOPSIS OF SPECIAL SCHOOL MEETING

January 12, 1972

A special school district meeting was held at Walters Auditorium with approximately 640 in attendance. Mr. Roger Hammond was sworn in as moderator pro tem by School District Clerk, W. Boyd Weston. Prayer of invocation was given by Rev. Rockafellow. The moderator read the warrant, the court decree, and report of the Budget Committee, recommending that the sum of \$718,000 be spent for building of a new school.

Mr. Leo Lutz moved that the District raise and appropriate the sum of \$718,000 for constructing and originally equipping and furnishing an addition at the Elementary School; that to raise this appropriation, the School Board be authorized to borrow \$718,000 under the Municipal Finance Act; that in addition to the foregoing appropriation, the School Board be authorized to apply any State, Federal or other funds toward the foregoing purposes according to the terms under which such funds are received; that any interest received from temporary investments of the bond proceeds shall likewise be applied for such purposes and that the School Board be authorized to take all necessary action to carry out this vote. Seconded by Mrs. Cohen.

Following the discussion, polls were declared open for voting at 9:14 p.m. Polls were closed at 11:15 p.m. The results of the ballot vote was 633 votes cast, necessary to pass — 422, 443 - yes, 190 - no. Vote carried.

The motion to adopt the article was declared by the moderator to have been adopted in the affirmative. On a motion by Mrs. Colson, duly seconded, the meeting adjourned at 11:35 p.m.

A true copy attest:

W. Boyd Weston
Clerk of Hollis School District

HOLLIS SCHOOL BOARD

1972 REPORT

The past year has, like any other school year, been crammed full of surprises, disappointments, frustrations and accomplishments.

Shortly after the approval of the Middle School, the school board and Building Comm. found themselves faced with the hard cold facts that \$718,000.00 could not provide a Middle School as proposed. After many meetings with the Architect — Building Committee and legal counsel it appeared that the school could be built as presented with the balance of the Carter Fund. This was done and hopefully the 5th and 6th grades will move into the building during the spring vacation.

The opening of school before Labor Day caused something of a stir. However, attendance records were average. Next year we will be back to the Wednesday after Labor Day.

Shortly after school opened, the new High School well decided to get back into the news. While there seems to be an ample supply of water, the quality and the color had become a serious problem. The State got involved and once again the school board found itself faced with what to do. Surveys were made again, including studies of the water shed area, and, as originally proposed, it was decided to use this water supply. Plans have been made to proceed with this project in the spring. Hopefully, this will solve the school water problem for many years to come.

The guidance and assistance which we have been receiving from the Supervisory Office has been greatly improved. A request for two Assistant Superintendents and the elimination of the Teacher Consultant position received unanimous approval of all Union No. 40 members. This change in our Administrative staff at the Union office should benefit all of us. When you stop to realize that the District Budgets will top the 6 million mark this year and the Superintendent is expected to be responsible for all areas of the school system, it's no surprise that more help is needed. Hollis alone has grown in the last ten years from a total budget figure of \$314,190.41 to well over the million mark.

We should all be proud of the fact that not many towns the size of Hollis can boast of a school system 1 - 12, and also of the highest quality. This is true only because of the farsightedness of the school board members you have had and the support of the towns people.

The cause and need for increase in school and teachers is fairly simple. It is numbers. Until the population of Hollis stops growing there will be an ever increasing need for more rooms and more teachers. As of this writing, there are approximately 51 building permits out for homes being planned, under construction or about to start construction, this does not include those already completed last year. (1972) This means that if each home averages 2 youngsters we are talking about 100 students = to 4 classrooms and 4 new teachers. Please don't blame your school board when they tell you what is needed to meet the legal responsibility of education.

Our problems will not go away, whatever they might be, nor will they be solved if no one cares. We must go on and continue to build, not a plush school system, but a good solid sound one and one which will have lasting results. This is what your school boards have done in the past and that is why Hollis has what it has today. Ask yourself what would we have and where would we be today if the voters of Hollis had been swayed by the few people who said years ago we don't need more room.

The time may come when we are on a year round school program but that is not the final answer to building. This will allow you to educate X number of students more in the same number of rooms, but there comes a time when even this is not enough.

What I'm really trying to say is that the five members on your school board do have an honest and sincere desire to give the best education they can for the dollar — to the children of Hollis. In all the meetings that I have attended, never once can I say there was squandering of funds or that the Hollis Voter was not getting his moneys worth.

Hard work and many thankless hours of trying to solve our problems are a board members memories of his or her board term. We may not be number one and we are far from perfect, but we do care and we do try, and so my parting words to you are — please have faith in your board members for they need your support to make their efforts productive.

Lawrence W. Morrison, Jr.
Chairman
Hollis School Board

ADMINISTRATIVE SCHOOL REPORT

HOLLIS ELEMENTARY SCHOOL

To the Citizens of Hollis:

The summer of 1972 marked one of the fastest growth periods the Elementary School has experienced. On December 31st we had 53 more youngsters enrolled in grades 1-6 than when we closed school in June for the summer vacation.

The Gesell Readiness Test was given to all incoming first graders. This test was administered to each youngster individually by Mrs. Martha Philbrick and Mrs. Ruth Kinsley.

The Readiness Room is for youngsters who are six years old by the calendar but are developmentally younger. We are concerned with social, emotional and physical growth as well as intellectual growth. Mrs. Priscilla Levasseur is our Readiness Room Teacher this year. The youngsters spend a year in the Readiness Room and then go into first grade. This program is proving most successful in meeting the needs of these youngsters thru many varied activities.

Mrs. Joan Frye is working half a day, five days a week as a Learning Disabilities Teacher. This does not meet the needs of all youngsters needing instruction and so we asked for parental help.

In an effort to train parent volunteers and teachers we have been running a Learning Disabilities course on Wednesday afternoons from 2:30 - 4:30 p.m. We have had forty teachers and parents taking this course in an effort to better meet the needs of the Learning Disabled youngster.

The teachers have continued working with tapes, records, and talking story books provided by the State Library. Teachers are individualizing the programs by using tape recorders and record players attached to a listening station, by using reading kits, activity centers and teacher-made individualized Reading and Math programs.

The fifth and sixth grade did an extensive unit in budgeting family income. They had several speakers from Nashua banks and as a culminating activity they visited three banks in Nashua.

Fifth and sixth grade youngsters again organized the Annual Hollis Clean-up Day through the Civics Club and the help of the Woman's Club and Jeffrey Smith. Miss Carole Aliskevicz is the faculty adviser.

The sixth grade classes attended Otter Lake Conservation School for

one week in April. The Brookline sixth graders attended the same week. This was done to provide an atmosphere where the youngsters from both towns could meet before the first day of school in grade seven. There was a great deal of social growth as well as educational growth during this week of school camp. The sixth grade teachers from each school accompany the youngsters for the week.

The new staff members on our staff this year are Jeanne Smith, Art; Suzanne Carlson, 1st grade; Nancy Towle, 6th grade; Carole Chiarenza, 6th grade; Carl Shaw, 6th grade.

Mrs. Savage, Miss Alishevicz and Mrs. Johnson worked for four weeks on the Reading Program. They listed all the Reading Skills at each level and designed levels skills sheets for each youngster. This should really help in continuous development of reading skills from year to year.

The Parent-Citizen Volunteer Program has progressed very well under the direction of Mrs. Richard Navaroli. She has committee chairmen working in various areas as follows: Mrs. William Wehrle, Learning Disabilities; Mrs. Nancy Leppanen, Room Mothers; Mrs. Roger Saunders, Library; Mrs. James Radcliffe, cafeteria workers. We presently have 136 volunteers working in the Elementary School.

The conditions are very crowded at the Elementary School. We have very little space for working with small groups. The Speech Therapist uses my office all day Monday and the Learning Disabilities Teacher uses it Tuesday through Friday mornings. We are using half of the library for a classroom. Hopefully, these conditions will be eased when we enter the Middle School.

The youngsters closed out the year on a very nice note by collecting canned goods and money to buy turkeys and fresh fruit for eight food baskets. These were given by students in place of gifts to teachers. The eight baskets were delivered by the church Deacons.

A special thank you to Mr. Jeffrey Smith for his help in going on Science field trips with all grade levels. He is also working with fifth and sixth graders in developing a nature trail behind the Elementary School and at the Middle School.

The entire staff has continued to work hard in an effort to better meet the needs of individual students. With the increased help received this year from the community we have come closer to meeting the goal of individualized instruction for youngsters, and feel we are reflecting the type of education desired by the community because of their involvement.

HOLLIS AREA HIGH SCHOOL

The enrollment at Hollis Area High School on December 31, 1972 was 587 students. Of this number 392 students were from the town of Hollis, 190 students from Brookline and there were 5 tuition students from Nashua. The breakdown by grade was as follows:

Grade 7 — 116 students; Grade 8 — 112 students; Grade 9 — 103 students; Grade 10 — 94 students; Grade 11 — 84 students; and Grade 12 — 78 students.

The building has been extremely crowded but with construction underway for the new Middle School relief is in sight. Both the faculty and student body are to be commended for their excellent work under these crowded conditions.

The following new staff members came to Hollis Area High School in the fall of 1972. Mrs. Audrey Northway is a member of our Humanities Department. Mrs. Northway is a 1972 honors graduate of Gettysburg College with a major in history and replaces Mr. Frank Turner who resigned to accept a position in Chelmsford, Mass. Ms. Liane Apostolos is a new member of the junior high Humanities Department. Ms. Apostolos is a 1972 graduate of the University of New Hampshire with a major in English and she replaces Mrs. Sandra Hinghnam who moved from the area. Miss Elaine Dube is a new member of the Foreign Language Department. Miss Dube is a 1972 graduate of Rivier College with a major in French and she replaces Mr. Frank Vaine who left Hollis to return to graduate school. Mr. Owen Matthews is a new member of our Science Department. Mr. Matthews is a graduate of Harvard University with a Masters Degree from Case Western Reserve, he has 12 years teaching experience and replaces Mr. James Leary who returned to graduate school. All four new staff members replaced existing staff members so that there was no increase in the teaching staff.

Mr. Robert McGettigan assumed increased duties as Assistant Principal. Mr. McGettigan has taken charge of the seventh and eighth grade program in preparation for the eventual move to the Middle School. Mrs. Lillian Lund was hired as a part time teacher to teach some of the classes formerly taught by Mr. McGettigan. Mrs. Lund is a graduate of Rivier College with a major in English and has had previous teaching experience in Hollis.

Hollis Area High School has undergone some major curriculum changes in 1972. First the junior high school Humanities program was re-structured. It was felt that much more emphasis needed to be placed on the basic skills of reading, writing, spelling, outlining, etc. It was also felt that the social studies aspect of the problem needed a stronger textbook approach. The new program includes specific units in grammar, sentence structure, spelling etc. and employs a textbook for much of the program. The ninth grade Humanities program was also changed to become an elective course. Students in the ninth grade may choose to take either Humanities III or a course entitled Communications Skills. This course deals with improving the basic means of the student's communication, reading, writing and speaking. It is more traditional and structured in nature. The Humanities program itself continues to receive praiseworthy comments around the state and this fall was cited for a Major Achievement Award from the New Hampshire Council for Better Schools.

Changes also occurred in other areas of the school. The Science Department replaced the General Biology courses with specific semester courses in Zoology, Human Anatomy & Physiology, Botany and Genetics. It is hoped that this will increase student interest and motivation. The Mathematics Department added a course in Elementary Algebra. It is a two-year sequence designed for those students who are not ready for Algebra I and covers the material in Algebra I in two years rather than one. The Foreign Language Department has begun instruction in German. We have 22 students taking first year German this year. Combining this with present courses in French and Spanish gives us outstanding Foreign Language offerings for a school our size. The Building Trades course in the Industrial Arts Department has begun construction of a storage shed in back of the school shop and the department has also introduced a course in Electricity.

Two programs of special note were approved by the School Board during 1972. The first is a survey of the graduates of Hollis High from the last five years. Conducted in conjunction with a Master's thesis at Fitchburg State College it will attempt to solicit former student's opinions on the particular strengths and weaknesses of the school. It is hoped that the results will serve as a guide for future planning. The second program is a series of released time afternoons for in-service training for staff members. Begun in December of 1972, it will continue through the remainder of the school year and will be geared to helping

teachers perform in the middle school and to make use of space freed up at the high school and elementary school.

On Thursday evening June 8, 1972, 75 seniors were graduated from Hollis Area High School. Due to inclement weather the graduation exercises were held in the gym. The Valedictorian of the class was Miss Debra Adams, the Salutatorian Mr. Andrew Quick, and the graduation address was given by Mr. Joel Mitchell of the faculty. Below is a list of the graduates with their immediate plans along with a list of awards given for the 1971-1972 school year.

CLASS OF 1972

Debra Adams	Rivier College, Nashua
Lester Adams	Employed
Arnold Amidon	UNH
Donald Armstrong	Employed
Thomas Arnold	UNH
Janet Baldwin	UNH
Donald Ballou	Mass. Maritime Academy
Sarah Ballou	UNH
Marjorie Bayles	N.H. Voc. Tech., Nashua
Raymond Benoit	Employed
Ned Broussard	Employed
Thierry Cobut	Returned to Belgium
Denise Cook	Employed
Marcia deSteuben	Plymouth State
William Dulac	Employed
Linda Dyer	N.H. Hospital School of Nursing
David Farwell	N.H. Voc. Tech. College, Nashua
Lynn Fenimore	Employed
Rita Gilchrist	Married
Mildred Goodwin	UNH
Nancy Graves	UNH
Carolyn Hackett	Slippery Rock State College, Pennsylvania
Russell Haight	UNH
Edward Hamer	Employed
Frederick Hansen	Employed
Charles Hardy	Thompson School, UNH
Gregory Hayden	New England Aeronautical Inst.
Pauline Hogan	Oklahoma College of Lib. Arts, Chickasha, Oklahoma
Gary Jacobson	Concord College
Darrell Jeffreys	Employed
Jon Kibby	Employed
Sharon King	Westbrook Jr. College, Portland, Maine
John Koster	Employed
John Lutz	UNH
Arthur Lyford	Reed College, Portland, Oregon
Janet Lysik	Keene State
Shawn Martin	UNH
William Marvell	Employed

V. J. McInnis	N.H. Voc. Tech., Nashua
Jacqueline Menchion	Employed
Robert Menize	Employed
Kathleen Meuse	St. Joseph's Hospital School of Nursing, Nashua
Stephen Meuse	Thompson School, UNH
Lynda Moody	Champlain Jr. College, Burlington, Vt.
Susie Morrill	Clark University, Worcester, Mass.
Karen Mulcahy	Married
Norman Nickerson	N.H. Voc. Tech., Manchester, N.H.
Thomas Norton	UNH
Jama Nye	Shenandoah Jr. College, Winchester, Va.
Douglas Orde	Employed
Martha Parkhurst	Keene State
Andrew Quick	Washington Univ., St. Louis, Missouri
David Quinn	Employed
Merriel Rohrer	Employed
Mary Sabourin	UNH
Pam Shattuck	Granite State School of Hairdressing, Nashua
Carolyn Singer	Albion College
Donna Sipe	Plymouth State
Robert Smith	Springfield College, Springfield, Mass.
Janice Spaulding	Keene State
William Spence	UNH
Andrew Stauble	Embry Riddle Aeronautical Inst., Florida
Jacqueline Stevens	Employed
John Stiles	UNH
William Sullivan	UNH
Richard Wadleigh	UNH
Carol Ward	Employed
Lee Whittemore	UNH
Russell Wilkins	Employed
Stephen Winchester	Employed
Carol Winther	St. Joseph's Hospital School of Nursing, Nashua
Linda Winther	Employed
John Worcester	Northeastern Univ.
Sharon Wright	Employed
Gary Young	Employed

AWARDS OF INTEREST

Sr. Class Scholarships	Martha Parkhurst
	Richard Wadleigh
Hollis Woman's Club Scholarships	Mildred Goodwin
	William Spence
John H. Hills Scholarship	John Stiles
Industrial Arts Club Scholarship	Donald Ballou
Edgcomb Scholarship Award	Sarah Ballou
Citizen Scholarship Foundation Awards	Debra Adams
	Kathleen Meuse
	Donna Sipe
	William Spence
	John Stiles
I Dare You Awards	Mildred Goodwin
	William Spence
D.A.R. Award	Mildred Goodwin
National Homemaker's Exam	Nancy Graves
Hollis Athletic Assoc. Awards	Martha Parkhurst
	William Spence
Bausch & Lomb Science Award	Andrew Quick
Hollis Education Assoc. Award	Charles Hardy
Student Council Award	Arthur Lyford
School Service Award	William Marvell
Crisco Homemaker Award	Dorothy Calkin
Union Leader Spelling Champion	Deborah Hamilton

CONCLUSION

While improvements are being made constantly in our educational programs and facilities, the attention of the citizenry is being increasingly focused on the cost of support. In an era when not only are costs rising, communities are being required to lay out large sums for various kinds of public works, whether as a result of legislation or the demands of a growing population. Federal and state governments are meeting these needs in some measure, but the fact of the matter is that the local property owner in New Hampshire is feeling the impact rather directly. Probably it is due partly to this that more people today are asking about foundation aid to school districts. The story of what has happened since this form of support was written into law in 1951 should provide the local taxpayer with some answers.

As originally conceived, foundation aid was designed to provide equal public school educational opportunity throughout the state. It was recognized that some districts were more capable than others in meeting school costs, and because education is the responsibility of the state, this law in theory would at least assure an up-grading of schools which could not offer the same kind of program as those located in communities with a more favorable tax base. The following table illustrates how the law has been implemented:

Year	Amount for full Implemen- tation	Amount Appropri- ated	Pupils in Aided Districts	Total Pupils in State	No. Dist. Aided	Total Dist. in State
51-2	\$ 1,110,306	\$ 600,000	28,280	71,751	120	235
60-1	3,923,303	1,399,600	29,450	96,161	99	230
65-6	9,148,968	2,950,000	46,357	119,907	105	199
70-1	23,870,371	5,409,448	72,855	144,410	84	168
72-3	36,809,300	2,694,078	48,687	159,038	53	167

Not only has the number of districts receiving foundation aid decreased, but of more significance is the fact that the amount of aid being received by these districts, in relation to per pupil costs, is decreasing. Averaging elementary and high school costs over the years, aid which varied considerably in excess of 10% at times has now dropped to 7%, due to a decrease in foundation aid funds appropriated by the state legislature.

Foundation aid is but one form of state assistance, and while the intent of the statute was not to provide financial help to all districts, the trend of all programs of assistance has been down. Several years ago, the total amount of state assistance was approximately 11%; it is now at a level of 4%, making it necessary for local districts to absorb the difference.

Educators and the general public alike are awaiting the results of court action with regard to the support of public schools. The chances are that the local property tax will always be an integral part of any tax structure; it remains to see what relief might be afforded the home owner if it is determined that it constitutes only a part of monies to be raised for the support of education. One thing will remain unchanged, however, and that is that education will continue to be the responsibility of the state, regardless of the financial support it renders. How responsible is yet to be seen.

Roland L. Schoepf, Superintendent
Marion J. Jacques, Teacher Consultant
Gordon Bean, Principal, Elementary School
Peter Finn, Principal, AREA School

INSURANCE COVERAGE

Multi-peril policy	
Building and Contents (blanket)	\$1,550,000.00
Liability	300,000.00
Professional liability-medical treatment	300,000.00
Personal injury liability	300,000.00
Burglary (each building)	5,000.00
Teachers liability	300,000.00
Uninsured motorists	
(each person)	20,000.00
(each occurrence)	40,000.00
Automobile non-ownership liability - including hired car	
Bodily Injury (each person)	300,000.00
(each occurrence)	300,000.00
Property damage (each occurrence)	300,000.00
Boiler	150,000.00
Driver Training	
Bodily Injury (each person)	100,000.00
(each occurrence)	300,000.00
Property damage (each accident)	25,000.00
Medical Payments (each person)	1,000.00
Collision or Upset \$50 deductible	
Comprehensive (ACV)	
Workmen's Compensation (Including \$100,00 employers liability)	
Comprehensive Commercial Blanket Bond —	
Fidelity	45,000.00
Money Coverage	2,500.00
Builder's Risk (Middle School)	
Building	589,500.00
Comprehensive General Liability	300,000.00
Excess Liability Policy	1,000,000.00
